Hon. Matthew Guy MLC
Minister for Planning

Dear Mr Guy,

Congratulations on your announced intention to legislate for seafront Crown land Reserves

Port Phillip Conservation Council Inc, a federation of 14 conservation organizations around Port Phillip Bay, congratulates you on your announced intention to introduce legislation that would ensure that private freehold land titles in Victoria will cease to include beach and foreshore areas.

It has become apparent that announcements of Government policy to that effect made by the former Conservation Minister, Hon. Marie Tehan MLA, were not sufficient to achieve her aim of ensuring that freehold land titles would not in future include beach or foreshore areas, so your intention to introduce legislation is obviously necessary, and is commended by Port Phillip Conservation Council Inc.

Yours sincerely,

Jenny Warfe
Secretary, Port Phillip Conservation Council Inc.
